

Kingdom Organics - Courier Careers

Delivering Kerry's own fresh groceries. Tralee Pilot. 2026.

Be your own courier

No boss, no uniform, no warehouse. You choose your 3-hour windows and drive in Tralee using your own car.

The Zone A grocery pay

Because grocery baskets are large, we pay the driver fairly for carrying heavy, cold orders.

Zone A (up to 5 km): EUR 7.00 per drop

Zone B (5-12 km): EUR 9.50 per drop

Zone C (12 km+): EUR 14.00 per drop

The takeaway driver pay

Delivering food is fast and light. Because you do more drops per hour, the volume is where the money is.

Zone A: EUR 5.50 per drop

Zone B: EUR 7.50 per drop

Zone C: EUR 11.00 per drop

You keep 100 pct of customer tips, we don't touch them.

Why we do this differently

The apps squeeze you, taking up to 35 pct from the restaurant, and offer you tiny delivery rates. We offer a flat per-drop rate so you know exactly what you earn.

The floor guarantee

We open a courier window only when enough drops are booked to guarantee your minimum. Thin days don't trap you, so you aren't paid out of our empty pocket.

The Phase 3 Fleet

In phase 3, when we have the grant funding, you can rent our e-bikes or electric vans for a fair daily fee, keeping more money in your pocket by not burning fuel.
