

Kingdom Organics - Shop Local, Delivered for Less

The low-fee local platform for Tralee. 2026.

Why it costs less

You pay one transparent fee, shown before you order: Delivery EUR 2.50 plus Service EUR 1.49, a total of EUR 3.99. No stacked charges at the last step. And we take a flat 15 pct from the shops instead of 25 to 35 pct behind the scenes, so local prices stay honest.

Your weekly grocery shop

Shop Tralee's own grocers, butchers and Oriental grocery shops in one basket. Organic and fresh, packed with cold-box care, delivered same-day or next-day. Bigger shop, lower fee than the big supermarket delivery.

Your local fast food

Your favourite takeaways in the same app as your groceries. Low EUR 3.99 fee, and because we pay drivers properly your order actually turns up on time. The money stays in town.

How it works

1. Pick your local stores. 2. Order and pay by card. 3. A local courier brings it to your door. One app, groceries and takeaways together.

The honest difference

No stacked fees added at the last step. No big out-of-town company taking a cut of your local shops.
Just your town's shops, delivered for less.

Safe and yours

GDPR compliant. We never sell your data. Pay by card. Cancel any time, no catch.
